

# Cheers to 15 Years!

This summer Dr. Tyler celebrated 15 years of providing Chiropractic care to Birdsboro and the surrounding area.

Circa June 2006

*The building that once was a garage got its own adjustment from Dr. Tyler. Along with the help of family and friends the building was totally reconstructed into now what is McClimon Chiropractic.*

Not much has changed in the last 15 years. Dr. Tyler still believes in his mission: to inspire mankind to lead healthier lives through teaching where health, healing and function of the body come from, teaching everyone to take more responsibility for their own health and to reverse the backwards paradigm of "healthcare" that big pharma has created. We know patients that are under chiropractic care are healthier and safer than patients that are not.

**Thank you to all our patients!  
We Appreciate You!**

## Chiropractic Care From the Start

Dr. Tyler reminiscing with one of his long-time patients who was with him from the start.

And one patient that was with Dr. Tyler from their start.
